

Profile

NTN, a precision equipment manufacturer, ranks among the top three in the world in **bearing sales**. The Company holds the **largest share of the global market for axle bearings**, critical automotive components that enable wheel axles to turn.

In fields other than bearings, NTN holds the No. 2 global market share of **constant-velocity joints (CVJs)**, a key component for automobile drivetrains. We are now aiming to capture the **No. 1 spot in the world market**.

NTN is a global organization, with more than **60% of its approximately 19,000 employees** working overseas. Since it began overseas sales and production in 1961, NTN has been building a **five-sided production, sales, and technology network** encompassing Japan, the Americas, Europe, Asia, and China. Today, **the ratio of overseas sales to consolidated net sales is approximately 60%**.

NTN is aggressively developing business in newly emerging markets, which are achieving notable economic growth. In **China**, the Company already has four production bases manufacturing bearings and CVJs. Production has also commenced at a dedicated CVJ site recently established in **India**.

April 2007 marked the **start of the “Growth through Creativity and Achievements 21” medium-term business plan**. Right now, the Company is striving to realize its long-term vision of raising productivity and profitability to achieve **¥1 trillion in consolidated net sales** in fiscal 2015 by unveiling initiatives to further improve enterprise value.

Corporate Philosophy

For New Technology Network

Our contribution to the global community lies in our creation of new technologies and development of new products.

The directors and employees of NTN Group companies strictly adhere to Company rules of conduct and strive to be consistently fair and responsible in their business activities. Through these actions, NTN seeks to fulfill the NTN Group's responsibility to its shareholders, as well as its customers, local communities, and other stakeholders.
